

System 5A

Location

Passive fire protection

Description

Epoxy based passive fire protection

Pre-qualification is required

Product	DFT μm
Hempadur Avantguard 750 1736G	60
Total	60
Hempadur Avantguard 770 17382	60
Total	60
Hempel's Galvosil 15700	60
Total	60
Hempadur 15570	60
Total	60
Hempadur 17380	60
Total	60
Hempadur 17360	60
Total	60

System 5B

Location

Passive fire protection

Description

Cement based passive fire protection

Pre-qualification is required

Product	DFT μm
Hempadur Avantguard 750	60
Hempadur 45880/1/W	100
Total	160
Hempadur Avantguard 770	60
Hempadur 45880/1/W	100
Total	160
Hempel's Galvosil 15700	60
Hempadur 45880/1/W	100
Total	160
Hempadur 15570	60
Hempadur 45880/1/W	100
Total	160
Hempadur 17380	60
Hempadur 45880/1/W	100
Total	160

Note ¹ = Hempel do not supply passive fire protection, although Hempel coatings are approved by several suppliers of Passive fire protection, for use as primers and intermediates beneath the passive fire protecting layers. This note applies to all of the above systems.
